LLBF-220C is a certified prime resin containing Butene-comonomer, specially designed for production of Blown Films for general purpose packaging. Maximum recommended film drawdown is .05 mil. **LLBF-220C** contains medium slip and medium antiblock.

### Features:
- General purpose
- Good heat seal
- Good processability
- Low density
- Medium antiblocking
- Medium slip

### Typical Applications:
- Garment bags
- Produce bags
- Liners

### Melt Flow Rate
